

Stainless Steel Care Spray

antistatic cleaning

Stainless Steel Care Spray was specially formulated for the cleaning, protection and care of matt and polished stainless steel surfaces both indoors and outdoors and has an antistatic effect.

Stainless Steel Care Spray removes and prevents fingerprints, removes lubricating films e.g. from fume hoods, cleans even large surfaces without leaving streaks, and provides a long-lasting protective film which repels water and prevents new dirt from clinging. The product can be used in many applications.

Technical Data

Odour	almost odourless
Features	antistatic effect
Storage stability	24 months
Colour	colourless
Temperature resistance	-20 to +130 °C

Processing

Thoroughly shake can prior to use. Evenly spray on a thin film at about 25 cm distance and wipe to spread with a dry soft cloth. Heavily soiled surfaces as e.g. in kitchen areas should be cleaned with a suitable cleaner product.

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Safety and health

When using products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets must be observed.
